Advertisement for JRF under Core Research Grant-SERB

Applications are invited for the Junior Research fellowship position from the motivated candidates with background in biological sciences to work on the project funded by SERB under Core Research Grant (CRG/2018/002682).

Title of the project: Enantioselective Carbon-Silicon Bond Formation using Evolved Cytochrome c Enzymes

Essential Qualification: 55% marks or equivalent CGPA in M.Sc. or equivalent degree in Biotechnology or Biosciences with **NET-LS qualified**. Preference will be given to candidates with practical experience in molecular biology, cloning, mutations and bacterial expression.

Fellowship: The selected candidate will receive fellowship as per revised SERB rules, that is Rs. 31,000 p.m. HRA if applicable will be given as per rules.

More Information: Interested eligible candidates are requested to send their application (Cover letter, short CV, and at least one confidential recommendation letter) to the Principal Investigator (Dr. Syed Masood Husain) through email to smhusain.cbmr@gmail.com on or before **31st October, 2020**.

All shortlisted candidates will be informed through email on 31st October, 2020. Interview will be held on 04.11.2020 starting 11:00 am through Zoom meeting for which the link will be shared to the candidates.

Dr. Syed Masood Husain
(Principal Investigator)
